Re: Pharmacy Co-Pay Changes

Dear Member,

Your co-pay amounts for medicine have changed. The new co-pay plan replaces the one from April of this year.

You still have no co-pay for generic drugs on our list. For other drugs, the co-pay amounts are:

- 65 cents for drugs costing between \$0 and \$10.
- \$1.20 for drugs costing between \$10.01 and \$25.
- \$2.40 for drugs costing between \$25.01 and \$50.
- \$3.50 for drugs costing \$50.01 or more.

These co-pays apply only to adults who are not pregnant. Children have no co-pays for any drug. Native Americans have no co-pay when seen at Indian Health clinics or other Indian health providers.

Do you have questions? Call the SoonerCare Helpline at 1-800-987-7767.

We hope SoonerCare is meeting your needs.

Sincerely,

A handwritten signature in black ink that reads "Garth L. Splinter, M.D.".
